An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 1 of the specification, the continuing data on lines 6-14 was deleted entirely and replaced with the following:

CI ---The present application is a continuation-in-part of application Serial No. 08/900,174 filed July 25, 1997 and entitled ROTATING, LOCKING, INTERVERTEBRAL DISK STABILIZER AND APPLICATOR, now issued as Patent No. 5,893,890. Serial No. 08/900,174 was itself a continuation-in-part of application Serial No. 08/475,211, filed June ⁷~~6~~, 1995 and entitled ROTATING LOCKING MIDDLE-EXPANDED INTERVERTEBRAL DISK STABILIZER now issued as Patent No. 5,658,336. Art Unit: 3738

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not state that the person making the oath or declaration in a continuation-in-part application filed under the conditions specified in 35 U.S.C. 120 which discloses and claims subject matter in addition to that disclosed in the prior copending application, acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56 which occurred between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

Specifically, the continuing data of the October 27, 2000 amendment changed the relationship of the parent application 08/900,174 from "continuation" to "continuation-in-part". Therefore, the declaration needs to be replaced with one which sets forth this parent application as a continuation-in-part parent application.

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth herein. The substitute oath or declaration must be filed within the **THREE MONTH** shortened statutory period set for reply in the "NOTICE OF ALLOWABILITY" (PTOL-37 or PTO-37). Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the following in the upper right hand corner: Issue Batch Number, date of the "Notice of Allowance" (PTOL-85), and application number.
